

## Central Monitoring Emergency Lighting Panel

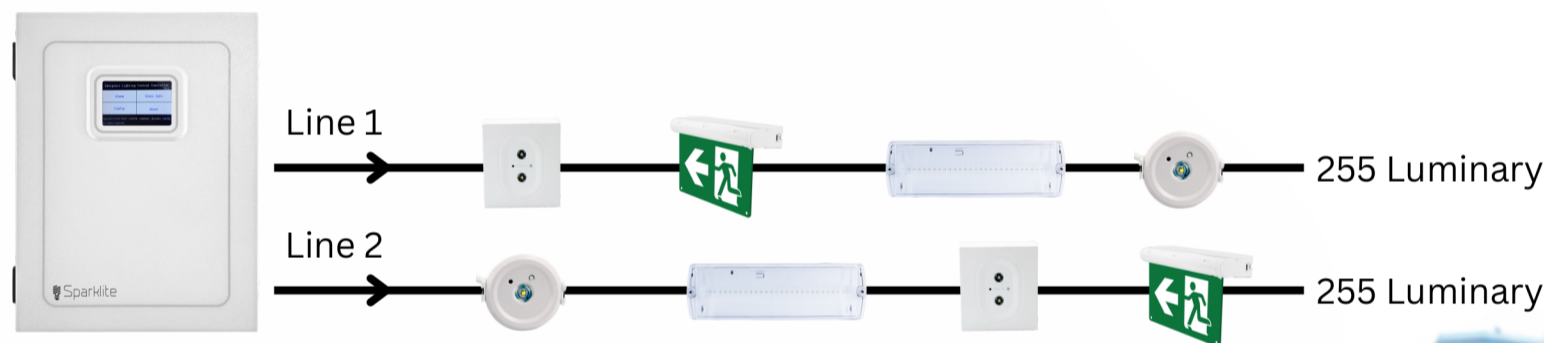

### BY-350-DC36U

Dual circuit outputs with 255 Addressable Luminary in each line.

### BY-350-DC36U1

4 circuit outputs with 255 Addressable Luminary in each line.

### SPECIFICATION

- Input Voltage : AC 100.120V/ 200.240V
- Output voltage : DC 36V
- IP Level : IP20
- Operation Temp : 0 - 40°C
- Output current : Max 8A
- Display Interface : 3.5" Touch Screen

- Output power : 276W
- Communication Line : 36V DC
- Communication distance : Up to 1000 M
- Capacity : 255 Lights per line
- Total Lines : 2 lines
- Certificate : UL
